Dear Bob:

I wanted to write to formally thank you for the key role that MonuMedic played in helping the Village of Briarcliff Manor rebuild and restore the Law Park Pavilion to its former beauty after the tragic fire that destroyed it in December 2015. I also want you to know that I am happy to serve as a future reference for you, as I could not be more pleased with the amazing work that your company did for us. Your pricing was extremely reasonable, you delivered as promised, and your professionalism was, and is, appreciated.

The work that you performed on the pavilion's original bronze dedication plaque was impeccable. When you returned it to us, it looked brand new. Any person viewing it today would never know what it had been through, and it matches our re-dedication plaque perfectly. Perhaps more impressive than the restoration of the bronze plaque, was the work you performed on our custom-made wrought iron fireplace screen. The fire had burned so hot in the pavilion that it had actually warped and twisted the frame, screening and the ornamental wrought iron vines that had made the protective security screen a true work of art. I certainly had my doubts that it would ever be able to be restored, but I have to say, it may actually look even better than it did when it was installed by the original artisan. All of our Village officials and residents have been extremely complimentary about all aspects of the rebuild, and I truly appreciate the role that your company played in it.

Please feel free to use our department as a reference as needed. We are truly satisfied customers, and it would be my pleasure to speak on your behalf with any future, potential clients that may want to hear about a true MonuMedic success story. Thank you and I wish you all the best!

Sincerely,

Henry Jamin  
Superintendent
