Re: Anne M. McGovern Memorial Bench

Dear Bob:

On behalf of the entire McGovern family we want to thank you and your company MonuMedic for doing such a great job on restoring our Mom's memorial bench located in front of the Warner Library in Tarrytown, New York.

Over the years that bench became weathered and stained making it difficult read the dedication. Following MonuMedic's treatment process the bench looks brand new. You can now read the dedication clearly and the bench is once again an inviting spot for people to sit and take a rest.

Thank you again Bob.

Very truly yours,

Kyle C. McGovern
