

To Whom It May Concern:

Please let this letter serve as recommendation for an outstanding company, MonuMedic, Inc.

In the winter of 2018 two men entered my office at Norwalk City Hall. The company was MONUMEDIC. They had observed a monument on the Norwalk Green honoring our WW I soldiers who were killed in action. They came to Norwalk City Hall to seek information and were directed to my office as I am very involved with our veterans.

History: A 92 year old Navy Korean War veteran, better known as Mister Veteran, had asked me to assist in restoring plaques for veterans, a monument at our beach area. The cost to replace the three large bronze plaques would be approximately \$46,000 he said. I had started to raise the funds but knew it would take a long time to complete.

The plaques, three, that were facing the water had been badly worn and some names illegible. 211 soldiers gave there all from Norwalk in all wars from WWII, Korea, Iraq, and Afghanistan. Two soldiers, Shea and Magrath are Medal of Honor recipients.

Fate: MonuMedic, Inc. walked into my office. We went to the site where the Shea-Magrath Monument is located. They told me that **YES!!!!** They could restore the plaques without replacing them. They promptly evaluated them, sent me an estimate, came and reviewed all possibilities and presented a fair and reasonable price.

Time Line: Our Shea-Magrath Ceremony each year is held on the Sunday one week prior to Memorial Day. MonuMedic, Inc. worked diligently to have them in place for the Ceremony. We had hundreds of veterans, families and businesses, who donated funds and attended the Ceremony. The three plaques were like new placed on the monument that was repaired, cleaned with a new plaque honoring two recent soldiers. This monument in its beautiful state stands for those who made the supreme sacrifice for our country and freedom.

Veterans: I learned from these two men that the monuments to our fallen soldiers can and should be brought to the glory and beauty they deserve. Now when I walk in my local cemetery I look for monuments that are in need of cleaning and repair. My first thought is to call this outstanding company.

If you would like information regarding MonuMedic, Inc., please contact me at 203-854-7764 klyons@norwalkct.org. I highly recommend this company to individuals, local, state and federal entities.

Sincerely,

Karen Doyle Lyons, Secretary, Norwalk Veterans Memorial Committee, Chairperson, Veterans Hall of Honor, Co-chair, Veterans Shea-Magrath Restoration, Registrar of Voters
