

Dear Mr. Higle,

The Village of Sleepy Hollow would like to praise your monument cleaning services. We would like to take this opportunity to thank you very much for the care and attention to detail that you took in cleaning and restoring the very important monuments for the Village of Sleepy Hollow. The professional manner in which you conduct business made it a pleasure to work with you on this project. We look forward to your continuing to work with our Village on cleaning and restoring all the Veteran's monuments throughout the community. We would be happy to recommend your work and your company to other communities who need restoration work.

Sincerely yours,

Robin Pell Recreation & Parks Supervisor Village Of Sleepy Hollow
