To whom it may concern;

Just recently in the Village of Tarrytown, I hired Bob Higle and his staff from Monu-Medic to perform some restorations on our two most precious statues in our show case park on Broadway [Patriot's Park].

Bob's company took less than three days to scope out the two jobs, and performed the task within two days after accessing all the needs. The two statues look brand new and have enhanced the look of the park tremendously.

I would highly recommend his services if you have any statue restoration needs in and around any municipal or private properties. He also is willing to do landscaping services too.

If you have any rusting or moss invested monuments/statues in your properties which need immediate attention, you'll see a marked improvement.

Sincerely,

Joe Arduino
