To whom It May Concern:

On the behalf of my Religious Order, The Sisters of Saint Thomas of Villanova, we would like to Thank You for the great and beautiful work that you as a group "MonuMedic" have performed. The Head Stone of our Sisters never look as cleaned since the early 1960's when the tombstone was placed.

Know that we are very grateful and appreciate your kindness to us.

We would be happy to spread the word around and give your name if this is appropriate for you.

With best regards and our daily prayers,

A handwritten signature in blue ink, appearing to read "Sister Marie Lucie Monast". The signature is fluid and cursive.
